DOCTOR *of* MEDICINE DEGREE PROGRAM

Eligible to Practice in the US,
Canada & Abroad

About AUC School of Medicine

We believe that the complex healthcare landscape of tomorrow will require a different type of doctor—one who is globally minded and capable of working as part of a cohesive team to deliver empathetic, extraordinary care to a diverse patient population. AUC School of Medicine’s internationally recognized medical program offers a rigorous academic experience modeled after the US medical school curriculum, designed to prepare students to succeed on all parts of the United States Medical Licensing Examinations® (USMLE). Our students learn from knowledgeable and dedicated faculty members, and are able to train in unique global settings. With

transformative clinical opportunities in the United States, United Kingdom, Canada and abroad, our students develop an in-depth understanding of different healthcare systems and diverse patient populations.

This is a four-year program with the first two years focused on studying the medical sciences and understanding how to integrate learnings with clinical practice. The final two years are spent completing core clinical clerkships across AUC School of Medicine’s wide network of affiliated teaching hospitals. Elective rotations may be completed at a number of Canadian teaching hospitals.

International Program Sites

Sint Maarten & the UK

Eligible students* have the option to begin their journey to become a physician on our campus in Sint Maarten, or at our program site in the United Kingdom via our partnership with the University of Central Lancashire (UCLan) in Preston, UK.

* The UK track option is only available to eligible Non-US Citizens

Program Outline

Students enrolled via the UK Track will earn a **Post Graduate Diploma in International Medical Sciences** from UCLan upon successful completion of the Medical Sciences Curriculum

Why AUC School of Medicine

95% USMLE Step 1 First-time Pass Rate* Student Achievement

USMLE Step 1 is one of the most important factors that leaders of postgraduate residency training programs consider when evaluating applicants. AUC School of Medicine's curriculum is designed to prepare students to succeed on all parts of the United States Medical Licensing Examinations® (USMLE).

* AUC School of Medicine students' first-time pass rate for USMLE Step 1 is 95% for period, 2018.

91% First-time Resident Match Rate Strong Outcomes & Graduate Success

Any medical school should be evaluated by the career opportunities secured by its graduates. After medical school, most AUC School of Medicine graduates seek a residency position in the United States. In 2019, more than 350 secured residency positions, and our 2018-19 graduating class achieved a **91% first-time eligible residency attainment rate**. Our graduates earned residencies in 18 specialties and entered residency programs in 40 US states and Canada.

1:1 Dedicated Support

One on one support with everything from selecting clinical rotations to choosing a medical specialty and preparing your residency applications. Our dedicated team of professionals in the Office of Student and Professional Development (OSPD) assists students who are preparing for residency by advising on the application process and providing necessary documents to match related organizations such as the National Resident Matching Program (NRMP), and Canadian Resident Matching Service (CaRMS). The department offers specialized resources to help students learn about requirements for different specialties and residency programs. This individualized attention and expert insight helps position our students for competitive placements in postgraduate medical education programs.

40 Year History Heritage of Medial Education

AUC School of Medicine has provided medical education for over 40 years and has over 7,000 graduates from over 73 countries.

Accredited Program

AUC School of Medicine is accredited by the Accreditation Commission on Colleges of Medicine (ACCM), which is the accreditor used by the country of Sint Maarten.

Expert Faculty & State of the Art Campus Facility

Our technologically advanced campus in Sint Maarten features a fully equipped anatomy lab, simulation center, applied research laboratory, and other learning tools geared toward integrating medical school classroom study with practical applications of medicine, to maximize your opportunity for learning. Our expert faculty hold MD and/or PhD degrees.

Start Sooner

AUC School of Medicine enrolls three new classes each year, September, January and May, giving you the freedom to start medical school when it's right for you.

Program Entry & Admissions Requirements

Our MD program is open to qualified candidates with a first degree, minimum Bachelor's or equivalent, in any discipline (science-focused study preferable but not mandatory), from an accredited university.

Medical School Prerequisites

- Biology: 1 year (8 credit hours)
- General Chemistry: 1 year (8 credit hours)
- Organic Chemistry†: 1 year (8 credit hours)
- General Physics*: 1 semester (4 credit hours)
All courses include laboratory

* Statistics or Calculus can be substituted for Physics.

† Biochemistry can be used to substitute for Organic Chemistry.

Medical Admissions Test

- Non-US Citizens or Permanent Residents: MCAT, UCAT, NEET/UG, or GAMSAT.

Please note that AUC School of Medicine will not consider MCAT, UCAT, and NEET scores that are more than five years old. For the GAMSAT, only scores that are less than two years old will be considered.

Supporting Documents

- Personal Statement of no longer than 750 words.
- Letters of Recommendation: a minimum of one letter from an individual academic professor who taught you (science preferred, but not required), and one professional letter. Two academic letters can be submitted if a professional letter cannot be obtained.

Educational/Employment History:

CV or resume: a chronological history of your educational, employment, and volunteer experience.

Transcripts

Official transcripts from all schools attended. Notarized copies of the original transcripts may be directed to AUC School of Medicine when official transcripts are not readily available. However, official transcripts must follow the notarized copies prior to matriculation.

Send Application Documents to:

Echocardiography
The University of Toronto Toronto, ON

Scholarships & Financial Aid

AUC School of Medicine is committed to providing medical students with information to help them fund their education through student loan programs and medical school financial aid. Various tuition payment options are available, and include:

Federal & Provincial Student Aid Program

AUC School of Medicine is approved by the Canadian Ministry of Education, providing most students the ability to receive Canadian Federal loans, Provincial loans and Federal grants.

Lines of Credit

Graduate students may obtain financing for education through student lines of credit offered by Canadian chartered banks. Student lines of credit are designed to accommodate the special needs of postsecondary students.

Scholarships

Students may qualify for thousands of dollars worth of scholarships, including up to \$55,000 for AUC School of Medicine’s Canadian Scholarship which is automatically awarded to qualified applicants who are Canadian citizens, permanent residents of Canada, or those who hold dual US-Canadian citizenship. This scholarship will be awarded to qualified applicants during the enrollment process, after submission of a completed application to AUC School of Medicine.

For details on award and eligibility requirements for all other sources of financial aid mentioned above, please refer to the AUC School of Medicine Canadian Financial Planning Guide www.aucmed.edu/media/5506/auc-canadian-financial-planning-guide.pdf.

If you have any other questions or concerns regarding your funding options, please reach out to:

Canadian Outcomes

94.9% USMLE Step 1 Pass Rate for AUC School of Medicine's Canadian First-Time Test Takers in 2018

10% of our student body is Canadian

Student Organizations

Our students foster a vibrant campus community that is both active and inclusive. Our more than 25 clubs and organizations allow students to connect with one another and develop unique learning opportunities. Among them is the Canadian Medical Student Association (CMSA), a student-run organization that helps and supports Canadian students at AUC School of

Medicine in their pursuit of medicine, shares and celebrates Canadian culture with other students, and gives back to the community of Sint Maarten. CMSA is primarily composed of Canadian students from across Canada but strongly encourages students of other nationalities to join. CMSA has events celebrating Canada Day, Thanksgiving, and other Canadian holidays.

Clinical Rotations & Residency

AUC School of Medicine's clinical curriculum is comprised of 80 weeks of clinical rotations that include 42 weeks of core clerkships and 38 weeks of electives. Core clerkships are completed at affiliated clinical sites in the United States and/or United Kingdom. During your 4th year, students have the opportunity to engage in elective rotations at various sites in Canada, the United States and abroad. Since 2015 Students have completed more than 46 electives across these Canadian sites.

- Langley Memorial Hospital
- McGill University Faculty of Medicine
- McMaster University Faculty of Health Sciences
- Northern Ontario School of Medicine
- Rural Ontario Medical Center
- St. Paul's Hospital—University of British Columbia
- The Hospital for Sick Children
- University of Manitoba
- University of Ottawa School of Medicine
- University of Saskatchewan Regina General Hospital
- University of Toronto Faculty of Medicine
- University of Western Ontario
- Vancouver Hosp & Health Science Center University of British Columbia

How Does Residency Work?

Canadian students attending AUC School of Medicine are eligible to apply for both the National Resident Matching Program® (NRMP) and the Canadian Resident Matching Service (CaRMS). It is possible for students to participate in both to maximize their chances of obtaining a residency position. To be eligible for CaRMS a student must be a Canadian citizen or permanent resident. He or she must also complete the Medical Council of Canada Evaluating Examination (MCCEE).

Global Electives

Through our clinical affiliation with Danbury Hospital, AUC School of Medicine students have a chance to complete a six-week clinical rotation in one of five countries: Vietnam, Russia, the Dominican Republic, Uganda, or Zimbabwe, another opportunity for AUC School of Medicine students to gain exposure to how healthcare is practiced in a global sense.

“Choosing AUC School of Medicine was one of the best decisions of my life. I made some of my greatest memories and friends during my time there and I matched to my dream residency program back home in Canada. I am beyond grateful for everything that AUC School of Medicine has done for me.”
