DISCLAIMER: Clinical Sites, Rotations Offered, and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Introduction

Dear Students:

The Office of Clinical Student Services (OCSS) has created this Core Clerkships Guide to showcase our offerings at our affiliated teaching sites. (Core clerkships can only be completed at sites that have an affiliation agreement with AUC, per our accrediting body.)

This guide, which will be updated frequently, will have the following information on each affiliated core site:

- Address
- Information
- Requirements
- List of cores offered
- Duration of each core

Please keep in mind that this guide is informational only: **Scheduling of Core Clerkship rotations must be conducted through the OCSS after a passing USMLE Step 1 score is reported.** Students are not to contact the sites directly to schedule core clerkships under any circumstances. Rotations are scheduled first-come, first-served, based on the date the student sat for the USMLE Step 1 examination, and on availability at the time the scores are received. No site is guaranteed.

Curricular Requirements

Students are required to complete 42 weeks of core clerkships (plus 30 weeks of elective clerkships, for a total of 72 weeks of clinical clerkships):

- Internal Medicine 12 weeks
- General Surgery 12 weeks
- Pediatrics 6 weeks
- Obstetrics & Gynecology 6 weeks
- Psychiatry 6 weeks

These clerkships can be completed in any order. The scheduling order will be determined by either the clinical teaching site or OCSA. Unless specified, all core clerkships are ACGME-accredited.

You can always contact the Office of clinical Student Services should you have additional questions, or are unable to find information, or write to advisors@aucmed.edu

IMPORTANT: Changes to the core schedule or failure to provide mandatory and/or updated documentation, for any reason with less than **45 days'** notice before the scheduled start date, will result in a penalty fee of \$600 per week for the total number of weeks cancelled, plus any additional fees charged by the hospital.

Students may not request to have the start of their clinical rotations delayed beyond 60 calendar days from the receipt of their USMLE Step 1 score.

Housing

The link below contains suggestions on housing gathered by our office from students' suggestions.

© 2019 American University of the Caribbean School of Medicine. All rights reserved.

DISCLAIMER: Clinical Sites, Rotations Offered, and Start Dates are all subject to change without notice and availability at the time students submit passing USMLE Step 1 exam results. Please keep in mind that all sites reserve the right to accept or deny any student based on availability, cutoff USMLE Step 1 score, or other criteria. Sites reserve the right to limit the number of clerkships offered at any given time. No site is guaranteed for any clerkship and the Academic Affairs Department at individual clinical clerkship sites have the final word on acceptance or denial of placements.

Keep in mind the housing options are not affiliated with, nor endorsements of, AUC, they are simply recommendations from previous students. They are suggestions for housing.

Danbury Hospital

24 Hospital Avenue
Danbury, CT 06810
www.danburyhospital.org

Danbury Hospital is a 371-bed regional medical center and university teaching hospital associated with Yale University School of Medicine, the University of Connecticut School of Medicine, and the University of Vermont College of Medicine.

Core Clerkships Offered (full-core program only):

(Full-core schedules only. Students completing full core are required to complete 6 weeks of family medicine. Program starts in November each year as well as Mandatory Student Housing)

<u>CLERKSHIP NAME</u>	<u>REQUIRED NUMBER OF WEEKS</u>
Internal Medicine	12
Surgery	12
OB/GYN	6
Pediatrics	6
Psychiatry	6
Family Medicine (required)	6

Required Documents:

AUC will provide the hospital with the following documentation:

- Malpractice Insurance
- Letter of Good Standing
- Hospital Evaluations
- Student Summary Sheet
- Student Photo
- Danbury Full Core Contract

Housing

Students chosen to complete clerkships (core or electives) at Danbury Hospital will be required to reside at the Danbury campus housing (no exceptions): Shared apartments: three 2-bedroom apartments and one studio apartment are available. For house sharing: two 2-bedroom, two 3-bedroom and two 4-bedroom arrangements are offered.

IMPORTANT: Housing costs will be charged to student accounts \$400/week, for the duration of the program regardless of holidays or breaks. Meal costs are included in the \$400 student accounts charge (\$100/week) and added onto their ID badge to be used at any of the Danbury Hospital dining locations (coffee shops, café, and bistro – bistro open 24/7). Funds will be added monthly, and accumulate throughout the academic year, but must be used before the end of the student's last rotation at Danbury, as there will be no reimbursement.

Questions pertaining to the charges are to be directed to the Student Accounts department via email (accounts@aucmed.edu).

IMPORTANT: Pets of any kind, are not permitted at any student housing: including dogs, cats, reptiles, rodents, etc. Not even for the purpose of "pet sitting." There are no exceptions.

Please note that clerkships may have an outpatient or commuting component, and you may find it easier to provide your own transportation. Connecticut's public transit system is not robust, so some students without cars have utilized the DH Shuttle Bus service or Uber in the past, but it is highly recommended that you have your own vehicle to get around. Danbury Hospital has two covered parking garages and students are allowed to use the Upper Levels; all parking is free.

Student requirements:

These documents along with the Full Core contract are your responsibility, and **must** be submitted **45 DAYS BEFORE** the start of your rotation to Complio and coordinators@aucmed.edu

UNITED KINGDOM

A student who has passed their USMLE Step 1 examination and will be traveling to the UK for completion of **three or more core clerkships** is eligible for a \$1200 subsidy toward the cost of expenses during these rotations. It is recommended that students traveling to the UK use this subsidy to purchase their round-trip airline ticket as AUC will provide no other subsidy for the cost of air travel. *(AUC will no longer provide flight tickets through TSI)*

If the student cancels or changes the schedule for any reason with less than 45 days' notice, he or she will be charged a late cancellation fee of \$500 per week for the total number of weeks cancelled. This fee will be in addition to any penalty fee charged by the hospital.

Once a student has accepted a fully or partially tracked core clinical clerkship schedule, they must complete the acknowledgement and agreement in its entirety and supply the required documentation. If at any point after accepting the tracked schedule, the student should wish to change any part of it, they may incur associated fees including applicable late cancellation fees, a \$2,000 administrative fee, and *any additional fees or penalties imposed by the site for the uncompleted rotations.*
