Canada Student Loans Program (CSLP)

AUC is approved by the Canadian Ministry of Education, providing most students the ability to receive Canadian Federal loans, Provincial loans and Federal grants. Information regarding this program is also available [here](#).

AUC's school code is **ZVAF**.

The CSLP offers up to 52 weeks annually in interest-subsidized loans, grants, and repayment assistance to full-time and part-time post-secondary education students who maintain satisfactory academic progress as determined by the individual province. You must re-apply for a Canada Student Loan every school year.

Please see the additional information within this guide for details by province.

If you are a permanent resident of **Ontario, British Columbia, Saskatchewan, New Brunswick, or Newfoundland and Labrador:**

- Complete one application and submit it to your province of permanent residence.
- You are assessed for both federal and provincial student loans and grants.
- You may be eligible to receive one loan: a combination of federal and provincial student loans.
- You manage and repay your student loan through the [National Student Loans Service Centre \(NSLSC\)](#).

Ontario

Federal funding can be up to \$210 (CAD) per week. Awards are based on actual number of weeks of instructional time. Provincial funding eligibility varies depending on education expenses, course load, and personal financial situation. You will receive your funds after all your documents are submitted and verified, and AUC has confirmed your enrollment. Your enrollment can be verified up to

2 weeks before your study period starts. You must reach out to AUC's Registrar to request that your enrollment be verified. Your funds are typically issued in two installments: when you start your study period and halfway through your studies.

In order to receive your funding, your enrollment must be confirmed. If you have provided a valid e-mail address, you will receive an e-mail asking you to access your account on the StudentAid BC website dashboard, to download a copy of your confirmation of enrollment form about a month before you are eligible to receive the student loan funds. You should send this to the AUC's Registrar's office so your enrollment can be confirmed and send back to British Columbia Student Financial Aid. After your MSFAA has been processed and your enrollment has been confirmed, your funds will be deposited electronically into the bank account you have specified. The deposit usually occurs within seven business days of the confirmation of enrollment date.

LINES OF CREDIT

Graduate students obtain financing for education through student lines of credit offered by Canadian chartered banks. A credit line is different from a loan because you do not have to borrow the full amount all at once. You can withdraw money from your line of credit as you need it, much like using a credit card.

Student lines of credit are designed to accommodate the special needs of postsecondary students. The banks allow students to defer payment of principal for up to one year after graduation. Although you must make interest payments on the borrowed amount during this period, you have time to complete your studies and find a job before starting to repay the principal. Student lines of credit also tend to have lower interest rates than other nongovernmental forms of borrowing.

If you are interested in obtaining a line of credit, you can apply online, over the phone or at your local bank branch. A cosigner may be required. Note that the figures below may change, so consult your financial institution for updates. You may also want to contact credit unions or banks with which you have a relationship. Special consideration may be given to customers with good credit and existing banking relationships. Please contact your lending institution for more details on their student loan products or lines of credit.

Details about lines of credit available to graduate students are listed below.
